

## SEO Testimonials

Hey Andrew

I thought that I'd write to say thanks for helping out with getting more traffic to our site. I know its early days but since you have been doing the SEO on the site we have noticed an increase in traffic from the search inquiries, which is great. We have had 61 orders and I notice that we already have a google page ranking of 2. Keep up the good work and please pass my thanks on to the team.

Cheers Matt

To whom it may concern.

Being that you have exceeded my expectations in all areas, it is with pleasure that I give you a testimonial as asked. We launched Natures' Pharmacy as a online natural health shop 4 weeks ago and you began doing your thing that same day. So far we have had 612 unique visitors, 17 inquiries and 14 sales via the site. I get your reports each Friday and I see that the rankings are improving. I am thinking about changing the SEO plan to Silver and post a few more articles because I think this works great. We have not done any other advertising, except handed out a few business cards. All is good and we both are very happy with the progress.

Marty and Michelle

To the fantastic team at SEO-submissions

In response to your question, yes we are happy with the SEO work that you are doing for us. I note that we have a google page ranking of 3 now, which is excellent, as it has been sitting on page 2 for ages, prior to you guys stepping in. The last couple of reports would suggest that we are getting a better quality of traffic, as it seems that we getting a few more inquiries about our VPS hosting for businesses. I understand we are in a very competitive market and thinking about the diamond SEO plan. This will give me 4 full time people dedicated to working for me full time promoting my site, including copywriters?

All good and no doubt we'll chat soon. I can highly recommend your services.

Thanks

Neil

The site is still quite new and only been going for 3 weeks and likewise you have only been doing your SEO stuff for a couple of weeks, so I don't see a lot happening yet. So far though I am happy and I understand a lot more about SEO now. Look forward to seeing DIY realty climbing up the rankings over the next couple of Months.

Don't forget to tell everyone that we are best real estate site in Australia!
